### City Council Meetings:

2<sup>nd</sup> Thursday Every Month at 6 PM

At City Hall, 71 Public Square

All meeting dates and times are posted on our events calendar at [www.elktonky.com](http://www.elktonky.com).

Thank you, to all who participated in the Christmas parade and to all who attended the parade. It was wonderful seeing the community come together for a somewhat normal activity. Special thanks to Colonel Ash Groves, of the 123 Airlift Wing and the Kentucky National Guard for the entry of the airplane.

## Holiday Hours

### City Hall will be closed:

Christmas Eve—December 24

Christmas Day—December 25

New Years Day—January 1

MLK Day—January 18

**Imagination Library:** Those who live in the city and who have signed up, have already received their first book. The city has organized a meeting with others to get this program started for the whole county, if you would like to donate to such a project. Contact the Public Library

**Covid-19:** The numbers of Todd County Citizens who have COVID-19, and those who are in quarantine has been increasing. Even with the news of a new vaccine it will be several months before they are available to all citizens

**Please follow the guidelines; Social distancing, wearing a mask, and washing your hands. Your assistance is needed to help defeat this disease.**

**New meters:** Public works has been busy installing the new meters. All new electronic read meters have been installed. We will get with the homeowners about the use of the new app sometime in the beginning of the year. All drive by read meters will soon be installed and we should have a better read of water useage and hopefully reduce our water loss rates in the city.

**Home water leaks:** The most common cause of extra water use in your home is from a running commode. Check to see that the water is shutting off in the commode and that water is not running. A quick test: Drop a few drops of food color into the tank and wait to see if the color leaks into the bowl.

**Leaf pickup:** Leaf pickup has been completed in the city and my thanks to public works employees for their work in this area, and for the citizen for your corporation.

Please shop at our local stores, and eat at our local restaurants. Some of our businesses have had a successful year, but some of our businesses are struggling and we will probably see some closing. So please stop and count your blessings and share your blessings with those around you. I will celebrate my reason for this season as the birth of Jesus Christ and hope you will celebrate with your family and friends.

At the end of the year, we usually focus on the past year even with Covid-19, The city has had a successful year with our projects. Major work on our sewer, our water, and our streets has been completed and more work is to be done. Many of our office programs have been updated and new technology has been added. I wish all of our citizens, the city council, and all employees of the city a very Merry Christmas and a Happy Safe and Prosperous New Year.
