At City Hall, 71 Public Square

Welcome to Spring! As the weather warms & trees bud, grass grows & flowers bloom, it is a good time to think about our Spring cleaning. The city will sponsor our annual Spring cleanup on **April 17th-18th**. All items to be picked up must be on the curb no later than **noon on April 18th**. More information will be provided. Let us keep our city looking beautiful.

Sewer System: Completion day has arrived on our renovation project that's been in progress for the past 3 years. We are closing out the paperwork in Frankfort and have achieved a successful result. This project will increase our efficiencies and our capacity to handle our collection and treatment.

Elkton Community Easter Egg Hunt: Begins April 1st at 9AM. There will be no "winning" eggs this year, but return Easter eggs to the Police Department from April 1st-4th to enter your name for a chance to win surprises.

Infrastructure: What is infrastructure? It is our streets, our water distribution, our sewer treatment plant, sidewalks, fire department & equipment, police department & equipment, city hall, public works equipment & our city cemeteries. We have a good infrastructure in the city, however we must keep working to improve what we have for today and for the future of the city. Current plans are to work on our sidewalks, add to & update the fire department, renovate city hall & the police building, & add garage & storage at the Public Works location. We are also working to remove old trees in the cemetery.
