**Welcome to Elkton:** We are excited to see WEKT radio station on the square! WEKT is owned and operated by a former Todd Countian, Beth Mann. The radio station is already covering Todd County events and news. To connect with the station, go to WEKT 1070 am, listen to the live stream and download the app at WEKTradio.com. This is the go-to place for Todd County news and events. Thanks, Beth Mann, for your investment in Todd County.

Welcome to **The Lucky Cowgirl** in the former location of Sweet Caroline's Boutique on the Square. It is always good to see a new business in the city. However, we are sad to see Bobby and Sandra Grayson close their doors. You will be missed.

Also, a big welcome to Josh & Hillary Bobbett with their opening of **Highly Flavored Café** in the former location of Lighthouse Coffee & Café! Big things are coming to Elkton!

**City Hall will be closed  
September 4th in observance  
of Labor day**

**Schools are open & students are out & about. So remember: Stop signs are everywhere & they are on the school buses as well. A stop sign means come to a complete stop, on the street & on the bus. If you pass a bus with the stop sign out, you are endangering the life of children on the street or road.**

**Please pay attention! Schools are in session & we want to see all of our Todd County students safe on the buses. Stop means STOP!**

**Progress in the City:**

\*Land clearing on the south side of the city has excited a lot of folks & the area certainly looks a lot different. Regardless of all the speculation, currently the only project being planned is an addition of a 34-lot subdivision. Yes, there is a lot of growth potential in the area in the future.

\*Also on South Main, you can see the new library taking shape. This project is set to be complete by the spring of 2024.

\*If you go to the Elkton-Todd County Park you can see some projects completed & others in progress. Both small baseball fields have been reworked and improved, dugout fences up on field 1, field 3 has fences being removed to relocate, clearing has been done down 3rd base line, and electrical engineering is being completed to add new lights.

\*City street patch work has been completed & the areas patched have improved the streets.

\*Drive around the city & you will continue to see houses being built. It is great to see improvements taking place.

**Mayors Note:**

The world we live in certainly seems to be stressed out & impatient. According to the statistics, we have more mental health issues ever in our lives at all ages. If you or someone you know needs HELP it is available by **calling 988**. Someone will be available on this line to help if you are in a crisis. Don't face your problems alone. Call 988 or reach out to someone in Todd County. Help is always available. Let's look out for our neighbors, our citizens of all ages need a friend.

**Hometown Harvest:** Plans are underway for a farm to fork dinner on the square on Friday, September 22nd, starting at 6PM.
