A firefighter grant for new SCBA devices has been submitted. We have applied for an Urban Forestry grant, relocation of utilities on the TAP grant on the West Main project have been prepared. We continue to look for grants that will improve the city for a better place to live. We continue to seek a solution for expansion of or relocation of our fire department. Infrastructure needs & improvements are always an item of discussion. Questions about any of these can be addressed to the mayor or the city staff.

The Month of May always has a lot of activities with the close of schools for the summer, all the graduations especially High School graduation activities, outdoor activities, & some vacations. But let us not forget that in May is a special day of remembrance. May 27th is Memorial Day in the United States, a time to pause & remember all who served our country in the military forces & gave the ultimate sacrifice to secure our freedom. I was reminded of the many sacrifices of our military when I visited Pearl Harbor in April.

Memorial Day, a day to remember.
